CS Series

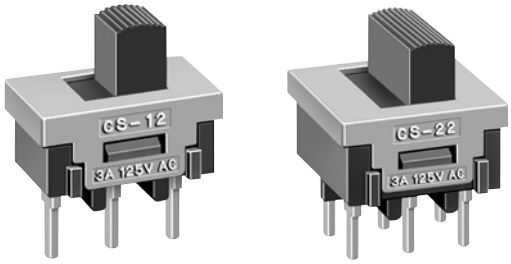
Change Notice

Epoxy Seal at Base of Terminals

Type of Change:

- ☐ Engineering
- ☐ Part Number
- ☐ Product
- ☑ Appearance

The epoxy seal at the base of the CS Series terminals is changing. The new green epoxy seal will replace the current blue-green epoxy.

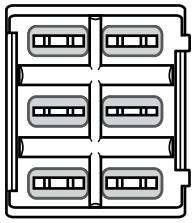


The following devices are affected by this change:

All CS Series Slide Switches, both standard and custom models

CS12ANW03 CS22BNW03

Epoxy Seal	
Before Change	**After Change**
Blue-Green Epoxy Seal 	**Green Epoxy Seal** 
The bottom view of the CS switch illustration designates epoxy seal application at the base of the terminals. It is represented by the shaded areas.



Note: There is no change to the dimensions of the switches.

Availability

CS Series changes to epoxy seal will be effective with October 2009 production.
